

Powerful and versatile performance, built for security and reliability

BLAZE Workstation

The BLAZE Workstation can be used as a viewing client for medium sized installations. Intel Gen 12 i7 CPU, 32Gb of RAM and a workhorse NVidia RTX5050 GPU make it an ideal solution for larger systems.

Available with Windows 11 OS saves on installation time. Soak tested to ensure it performs as expected and backed by 5-Year Next Business Day warranty.
