SAMSUNG TECHWIN

Built For Security

The SRN-SENCMS-CTL manages the flow of data on your digital security and surveillance network. Utilization of the Management server functions as primary data managements, which allows the Network Video Recorder (NVR) to apply bandwidth to focus of video storage. Using a management server optimizes the use of all other digital security and surveillance appliances such as the NVR and viewing station by distributing bandwidth to reach maximum performance.

SRN-SENCMS-CTL

Central Video Management Server

- Manage multiple recording servers and cameras
- Windows 2012 w/5 user
- Intel Quad Core i7-4790 3.60GHz 8MB S1150
- 8GB DDR3, 500GB SATA HDD, 24x DVDRW
- Desgined for central management software
    - SSM Media gateway or system manager
    - VMS Partner CMS
