CÂMARA DE REDE

Guia de consulta rápida

TNO-A9084ER

CE

Important
Please check 'Manuals' from our website, before connecting to the Supply,
https://www.hanwhavision.com/en/download-data/

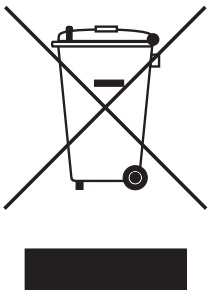

Warranty
Please check "Product warranty information" from our website.
https://www.hanwhavision.com/en/support/warranty/

Videos processed by surveillance equipment cannot be accessed arbitrarily by the manufacturer.

We recommend to use the officially compatible VMS version or latest Hanwha NVR version
when integrating with VMS or Hanwha NVR.

eco
RoHS compliant

Hanwha Vision cares for the environment at all product manufacturing stages, and is taking measures to provide customers with more environmentally friendly products.
The Eco mark represents Hanwha Vision's devotion to creating environmentally friendly products, and indicates that the product satisfies the EU RoHS Directive.

Correct Disposal of This Product (Waste Electrical & Electronic Equipment)

(Applicable in the European Union and other European countries with separate collection systems)

This marking on the product, accessories or literature indicates that the product and its electronic accessories (e.g. charger, headset, USB cable) should not be disposed of with other household waste at the end of their working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate these items from other types of waste and recycle them responsibly to promote the sustainable reuse of material resources.

Household users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take these items for environmentally safe recycling.

Business users should contact their supplier and check the terms and conditions of the purchase contract. This product and its electronic accessories should not be mixed with other commercial wastes for disposal.

Correct disposal of batteries in this product

(Applicable in the European Union and other European countries with separate battery return systems.)

This marking on the battery, manual or packaging indicates that the batteries in this product should not be disposed of with other household waste at the end of their working life. Where marked, the chemical symbols Hg, Cd or Pb indicate that the battery contains mercury, cadmium or lead above the reference levels in EC Directive 2006/66. If batteries are not properly disposed of, these substances can cause harm to human health or the environment.

To protect natural resources and to promote material reuse, please separate batteries from other types of waste and recycle them through your local, free battery return system.

Rating : PoE(48V ⎓) 0.23A, 11.2W

CONDIÇÕES ESPECÍFICAS DE USO

- O equipamento só deve ser utilizado em uma área com grau de poluição de, no mínimo, 2, conforme definido na norma IEC/EN 60664-1.
- Devem ser tomadas medidas para impedir que a tensão nominal seja excedida por perturbações transitórias superiores a 140%.
- O equipamento só deve ser instalado em locais onde haja baixo risco de danos mecânicos.
- Para evitar descargas eletrostáticas, só toque no aparelho depois de limpar o painel frontal com um pano úmido ou de colocar luvas antiestáticas, a fim de evitar a acumulação de carga eletrostática.

BATERIA

As baterias(a unidade da bateria ou baterias instaladas) não devem ser expostas a calor excessivo, como luz do sol, fogo ou situações semelhantes.
A bateria não pode ser substituída.
Proibição de abuso da bateria

- Não instale e utilize o tipo incorreto de bateria.
- Não deixe a bateria em um local que possa esmagá-la ou cortá-la, pois pode explodir.
- Não deixe a bateria em um ambiente com altas temperaturas.
- Não deixe a bateria em um ambiente de baixa pressão.

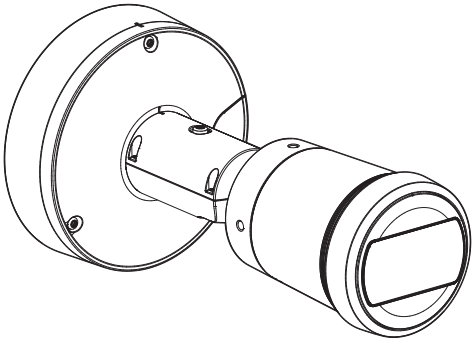

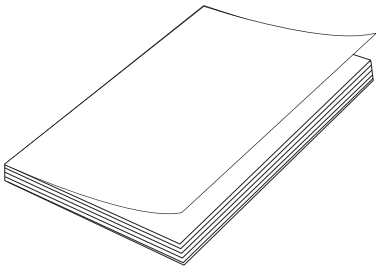

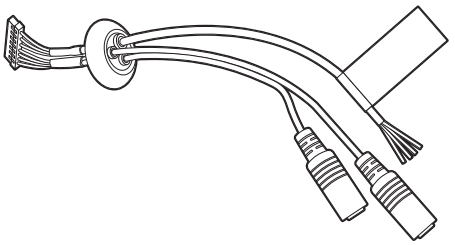

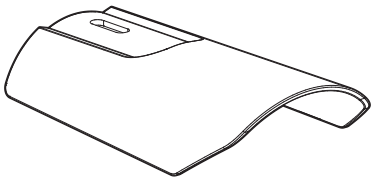

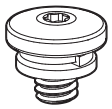

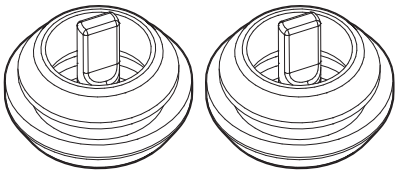

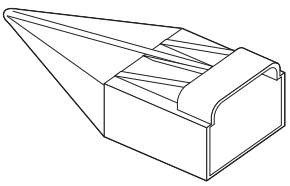

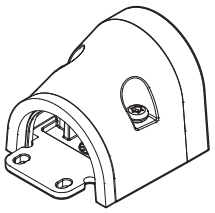

COMPONENT

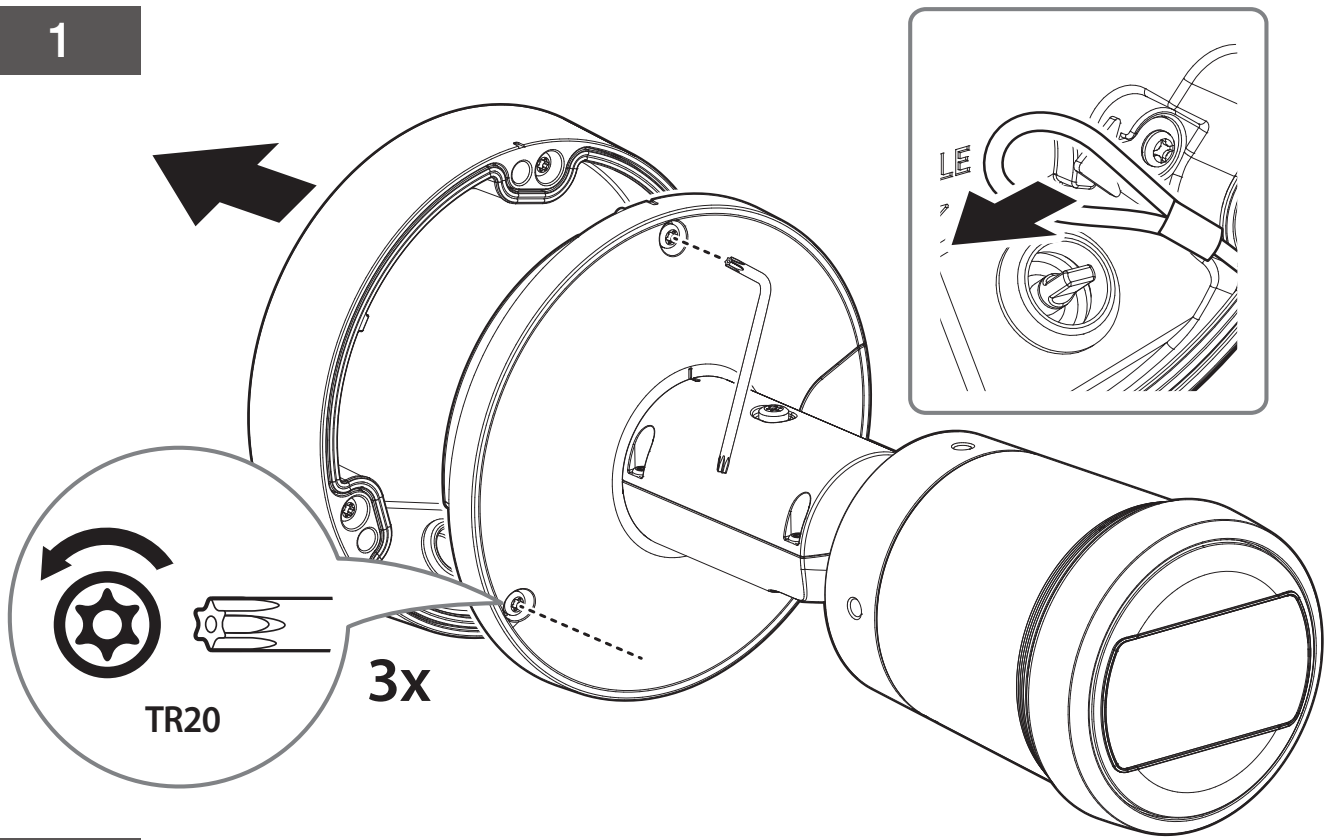

Dado que para cada país de vendas, os acessórios não são os mesmos.

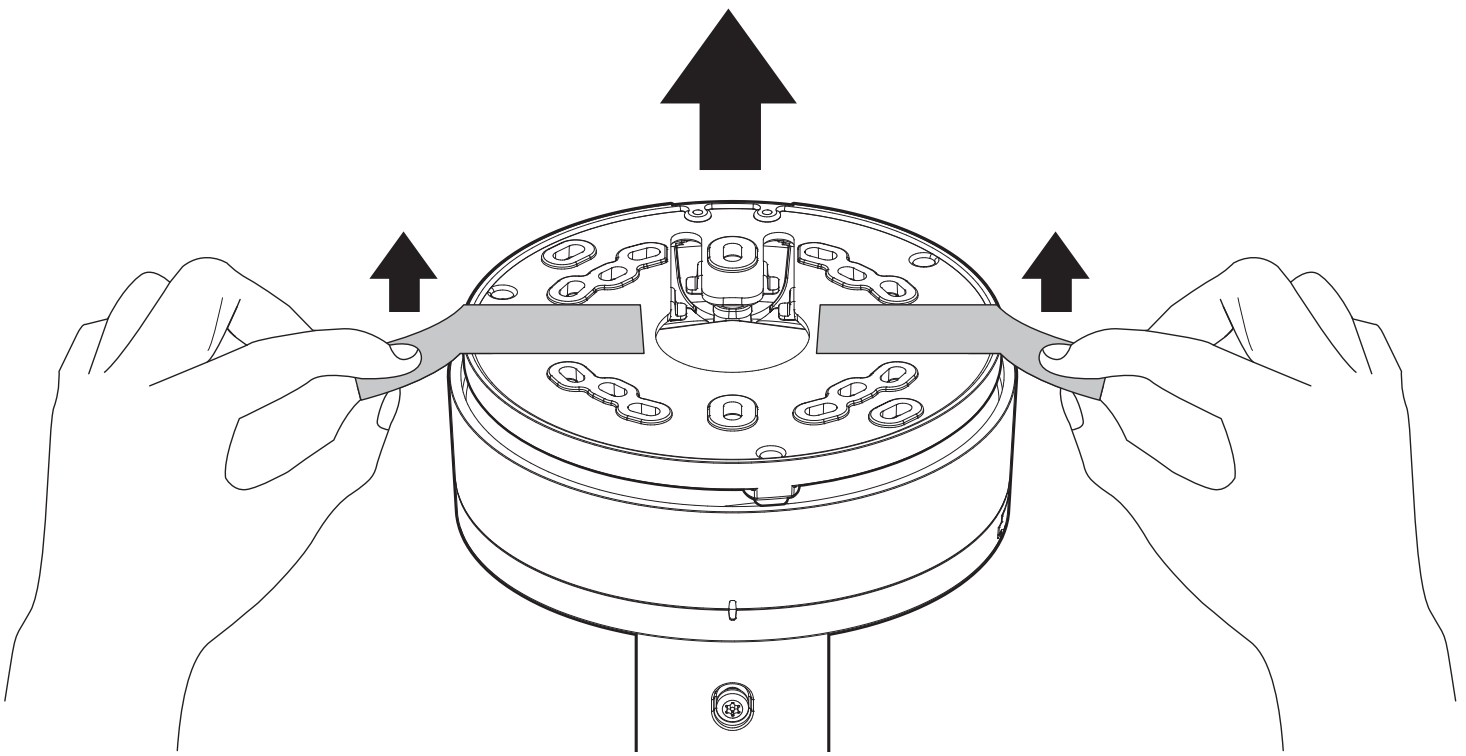

INSTALLATION

1

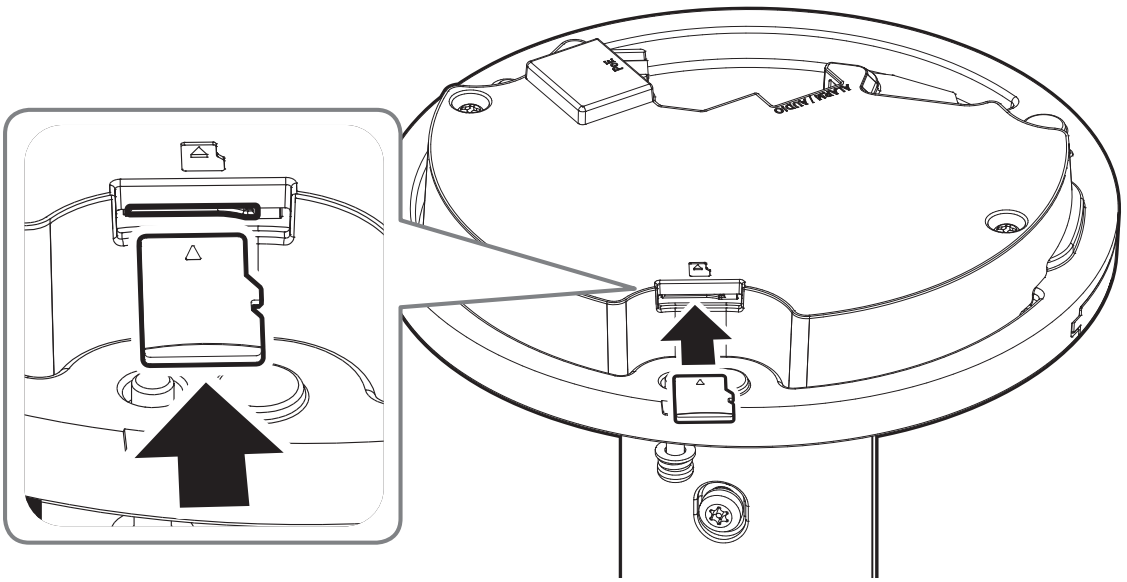

2

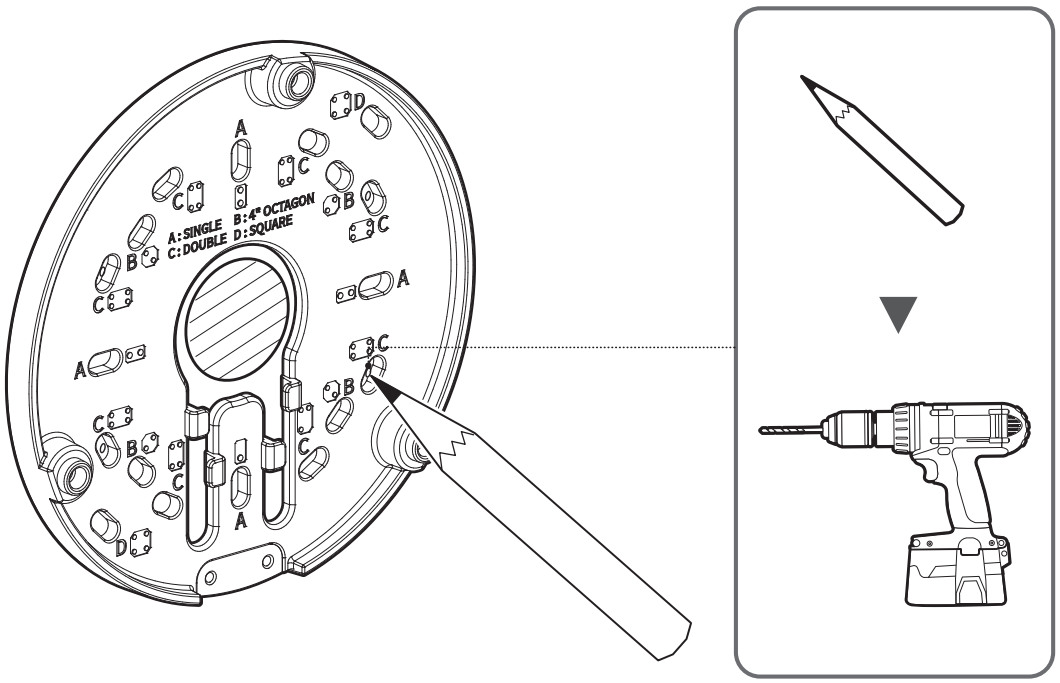

INSTALLATION

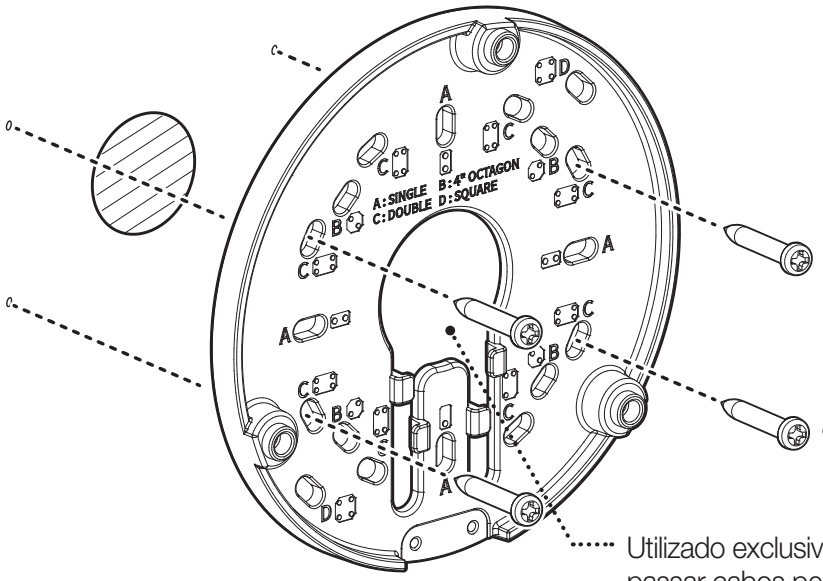

3 • Não incluído : Cartão Micro SD

4-1 • Instalação direta em parede/teto

4-2

• Não incluído

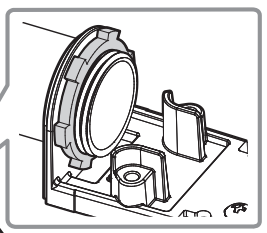

Utilizado exclusivamente com o objetivo de passar cabos pela estrutura da parede.

5

• Instalação com tubo

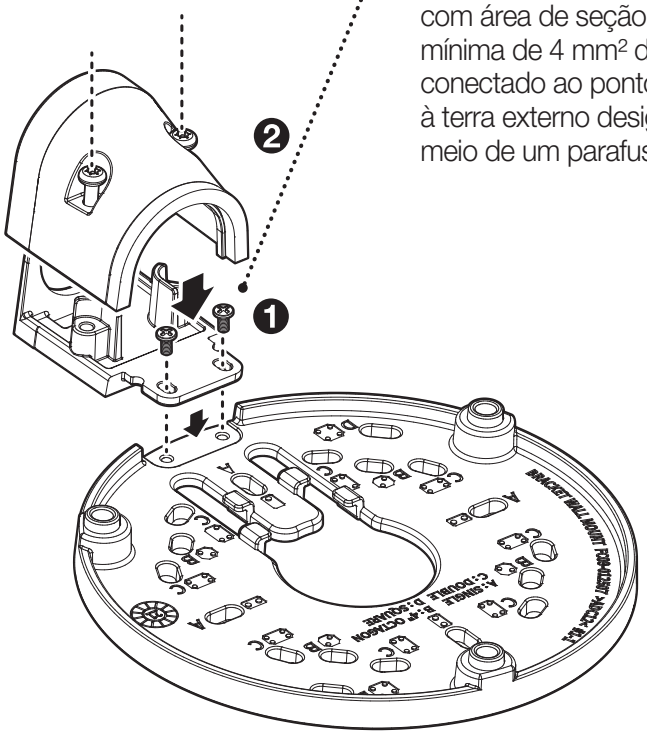

* Um condutor de ligação à terra com área de seção transversal mínima de 4 mm² deverá ser conectado ao ponto de ligação à terra externo designado por meio de um parafuso M3.

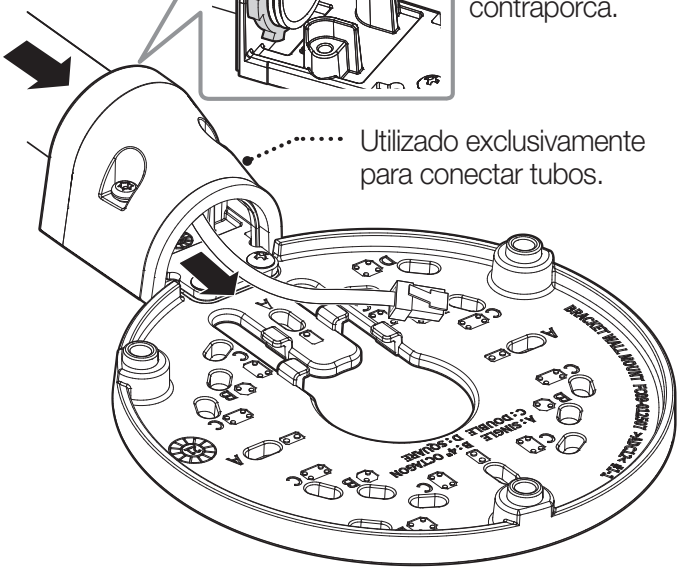

* As entradas de cabos/condutos devem ser equipadas com prensa-cabos certificados pela ATEX/IECEx, com as mesmas técnicas de proteção e graus de proteção IP.

A conexão do conduíte é feita com uma contraporca.

Utilizado exclusivamente para conectar tubos.

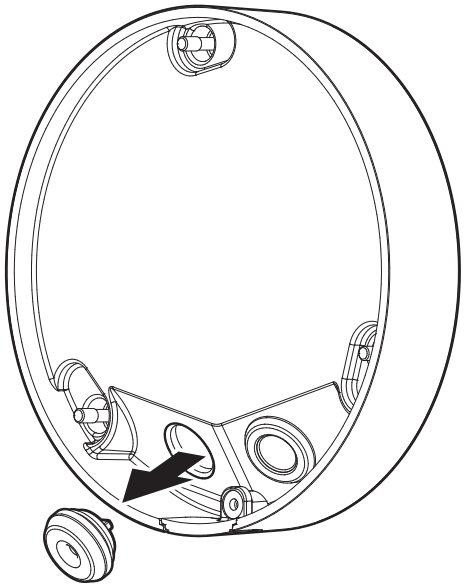

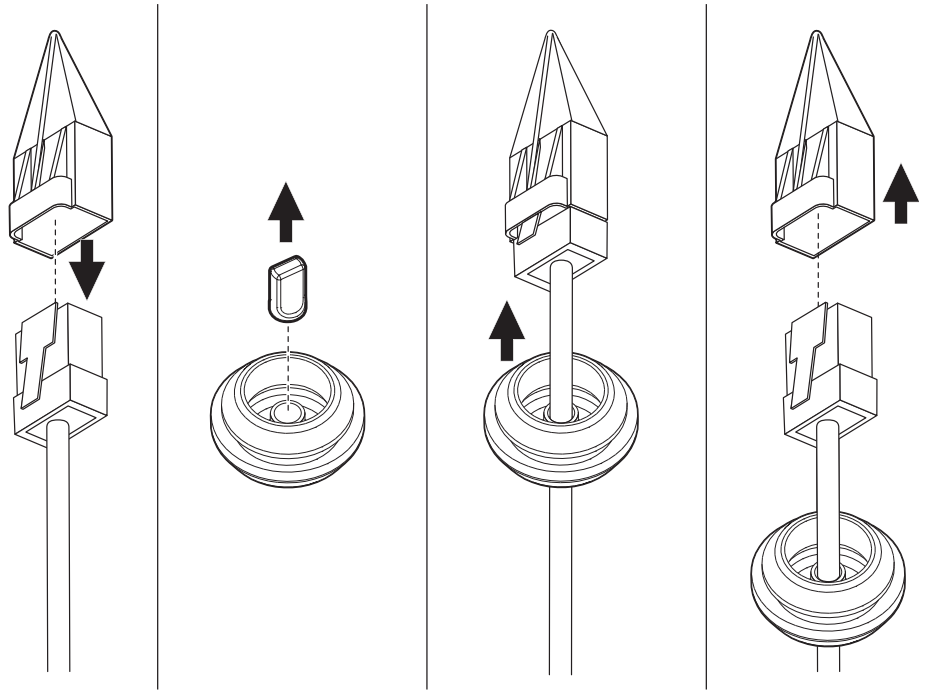

INSTALLATION

6-1

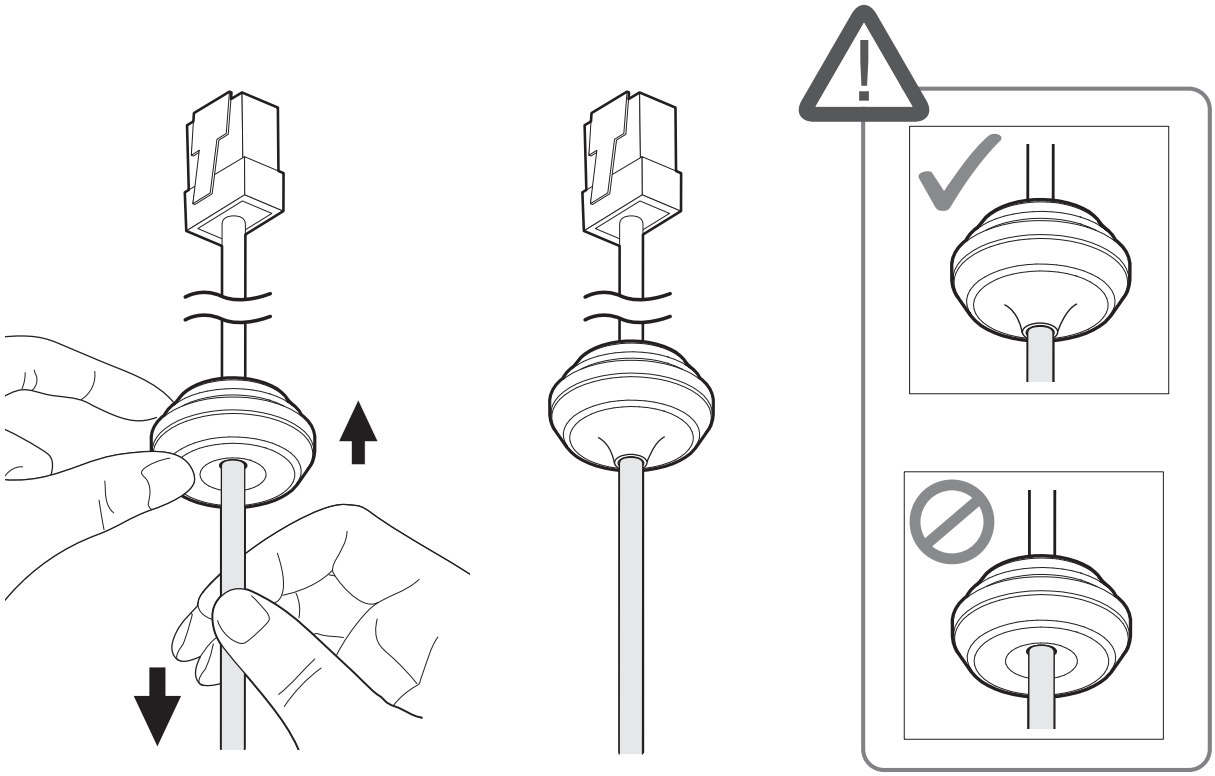

- Instalar o cabo de rede (IP66/IP67)

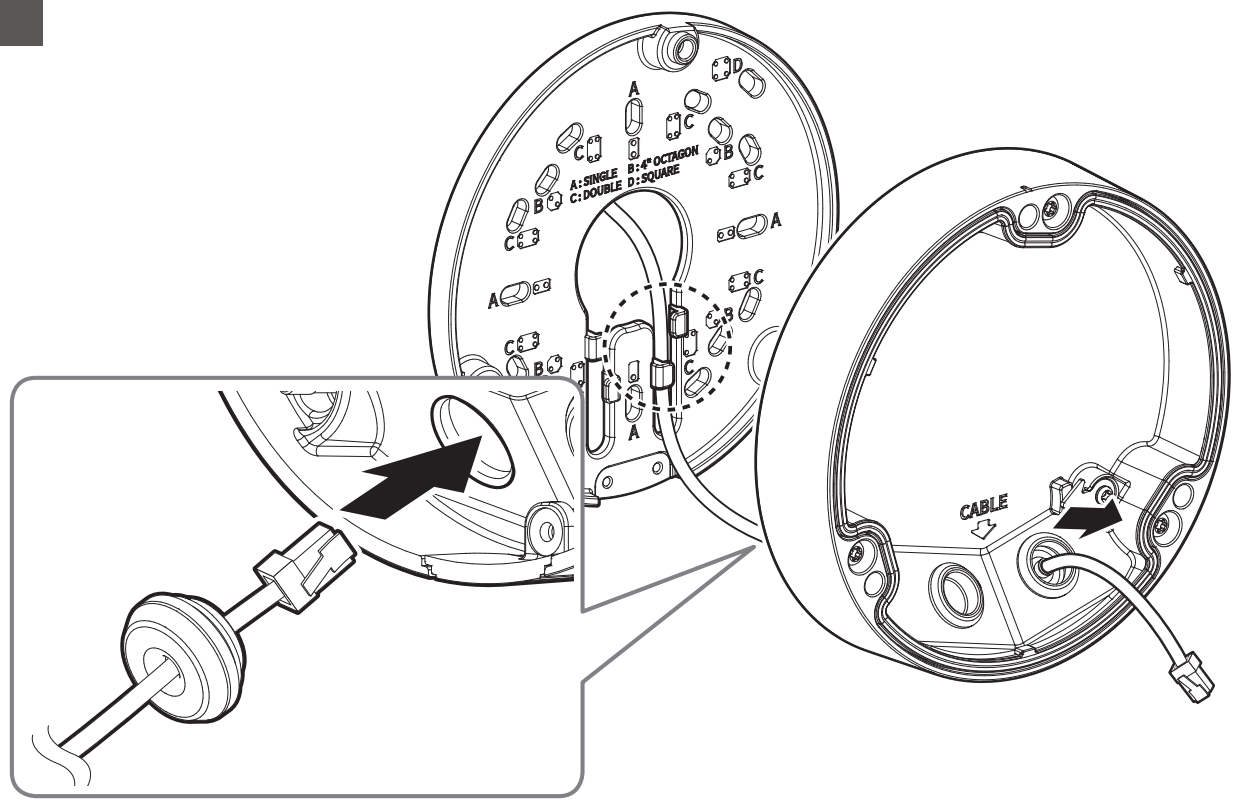

6-2

6-3

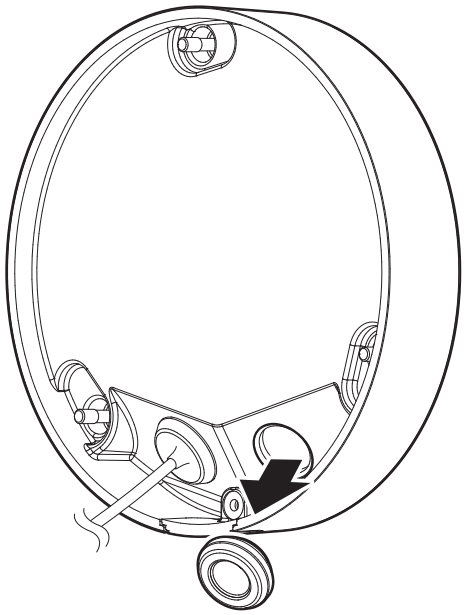

6-4

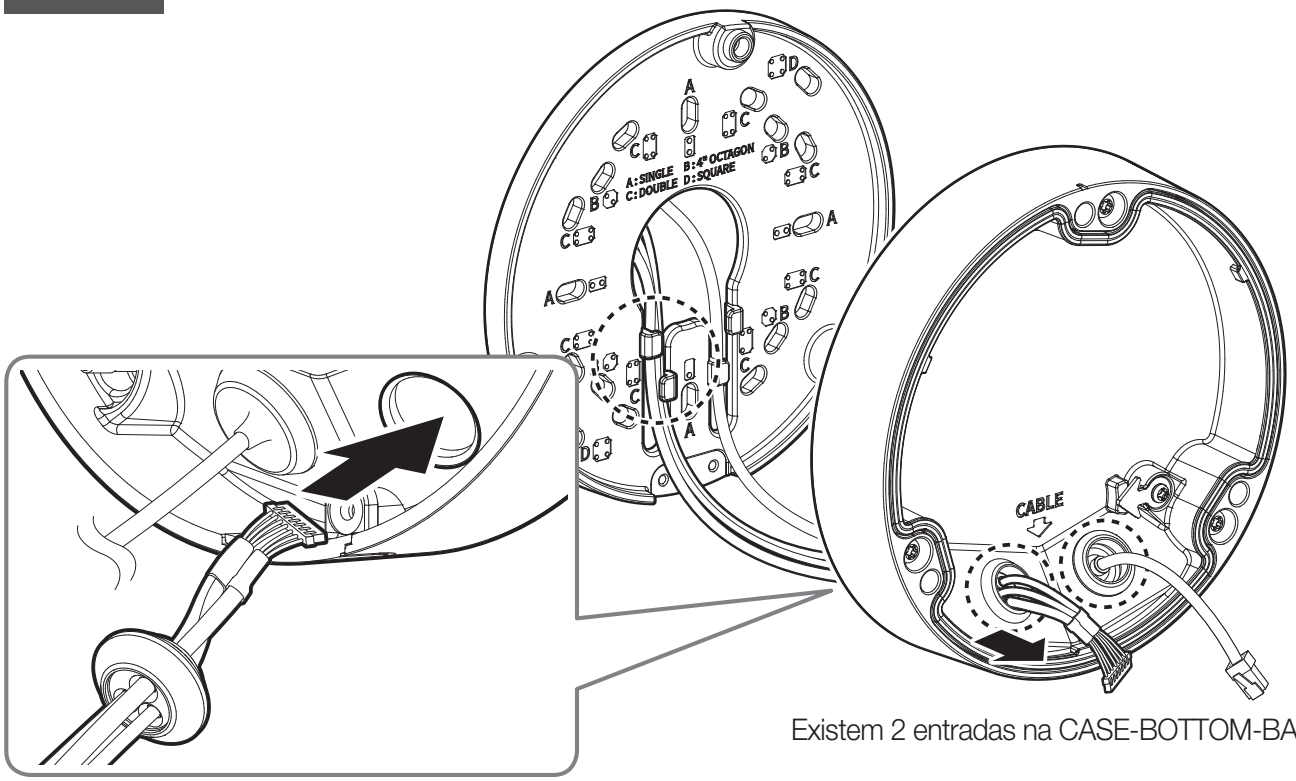

INSTALLATION

7-1 • Instalar cabos de áudio/alarme

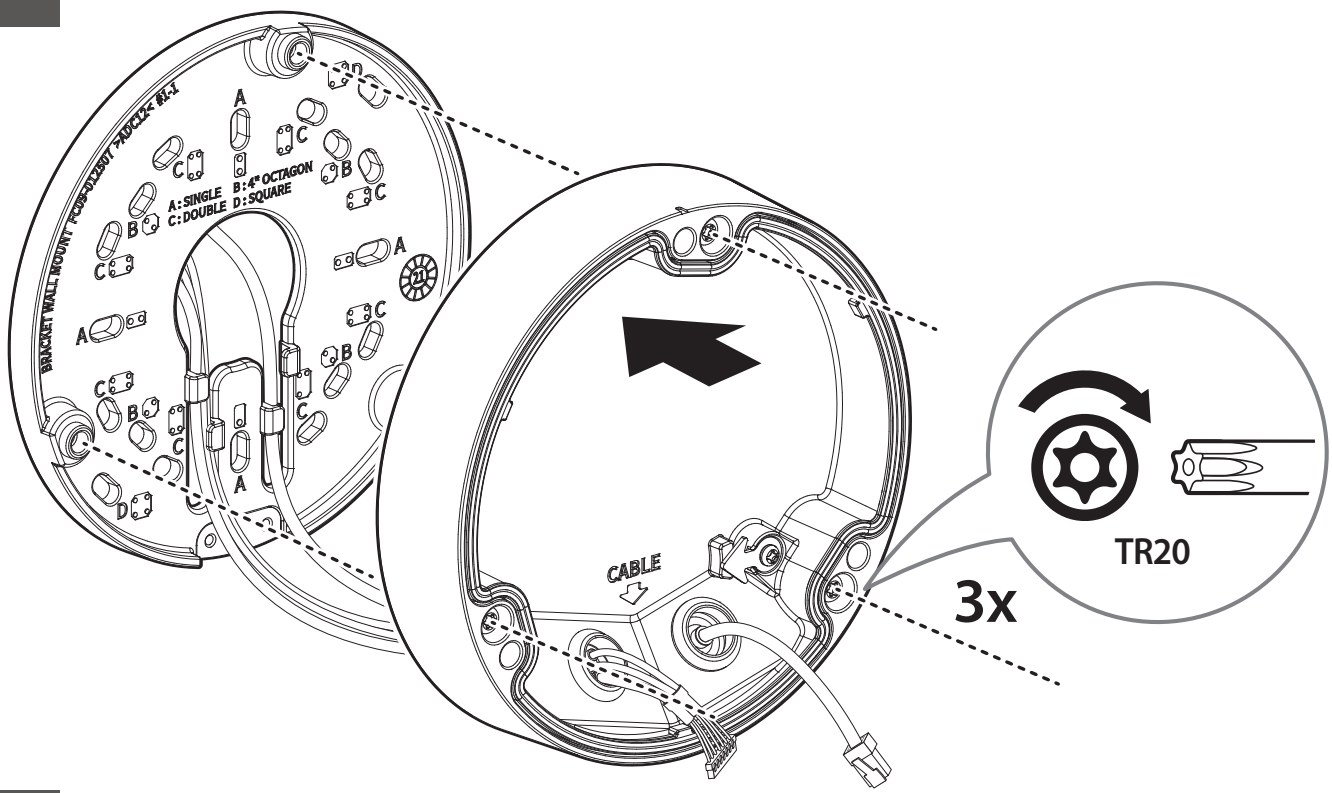

7-2

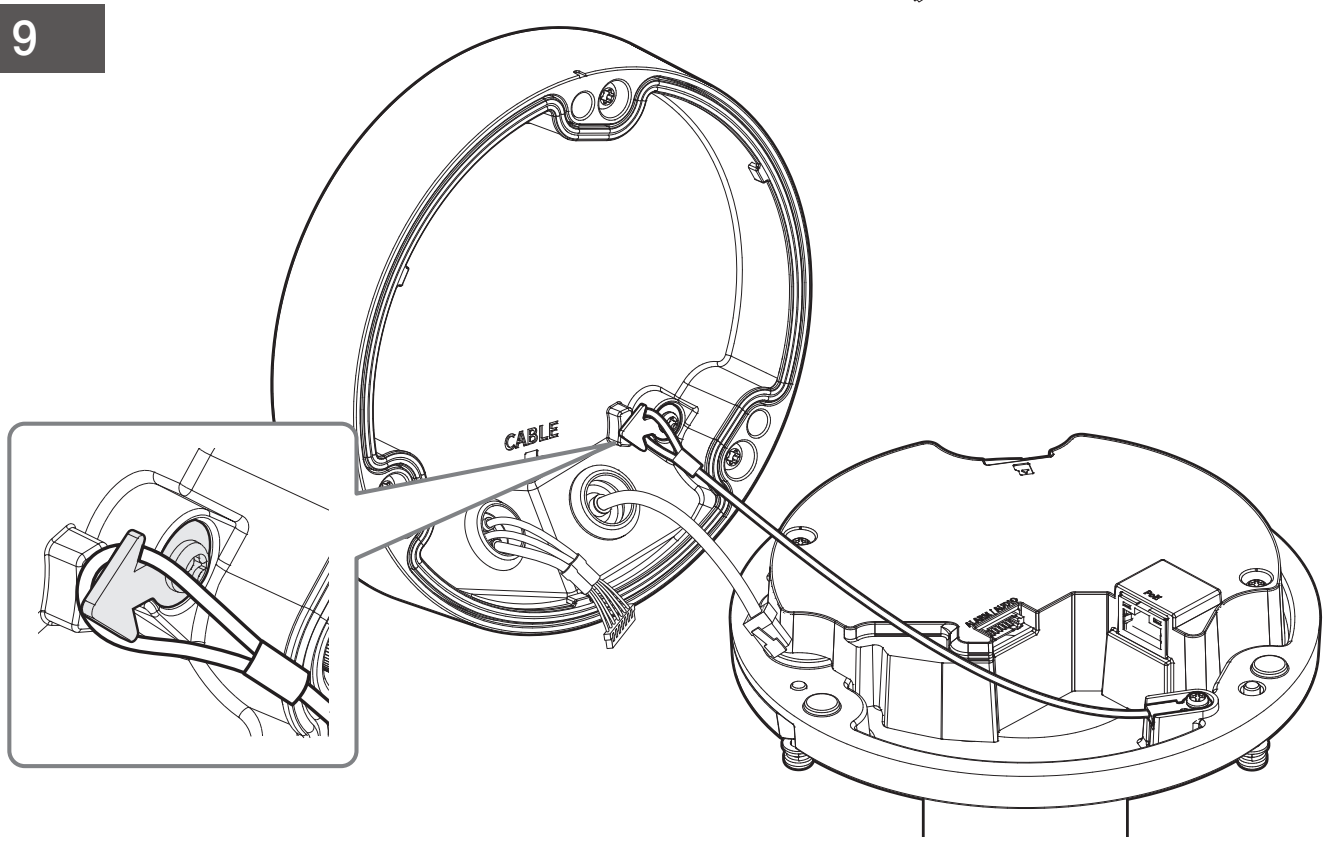

Existem 2 entradas na CASE-BOTTOM-BACK-BOX

INSTALLATION

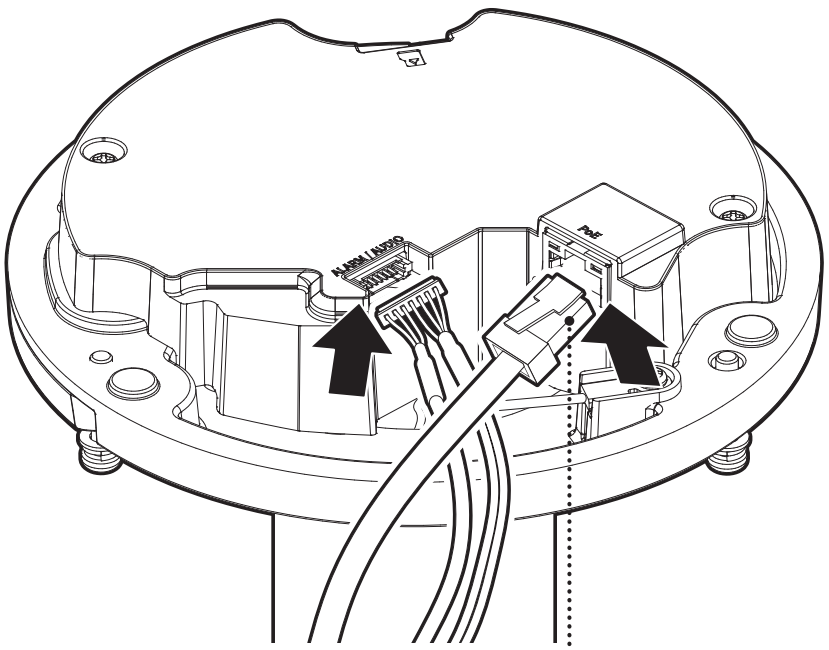

8

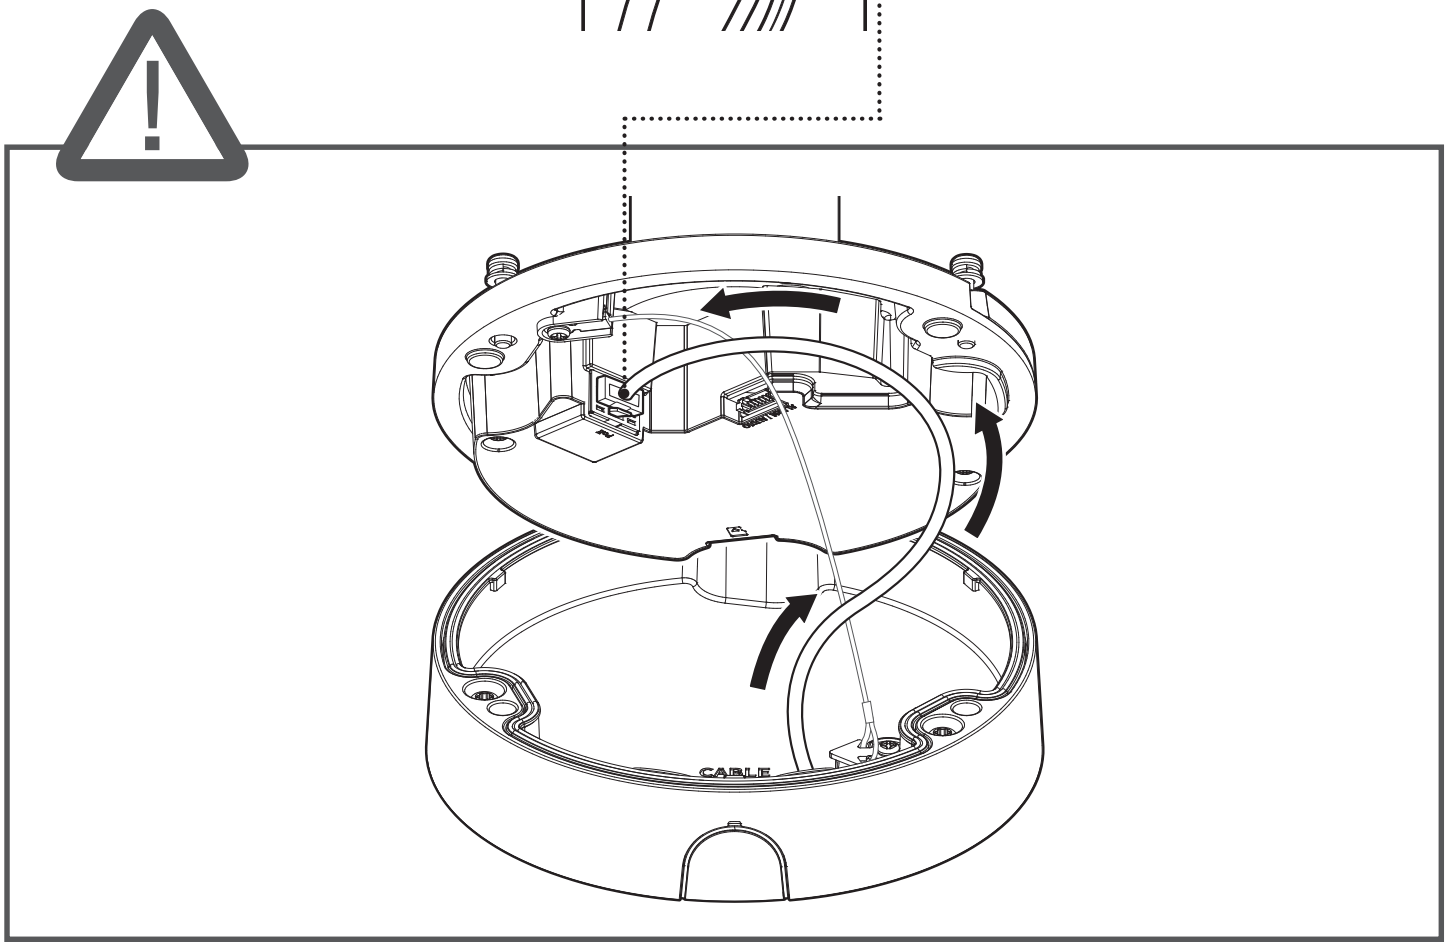

9

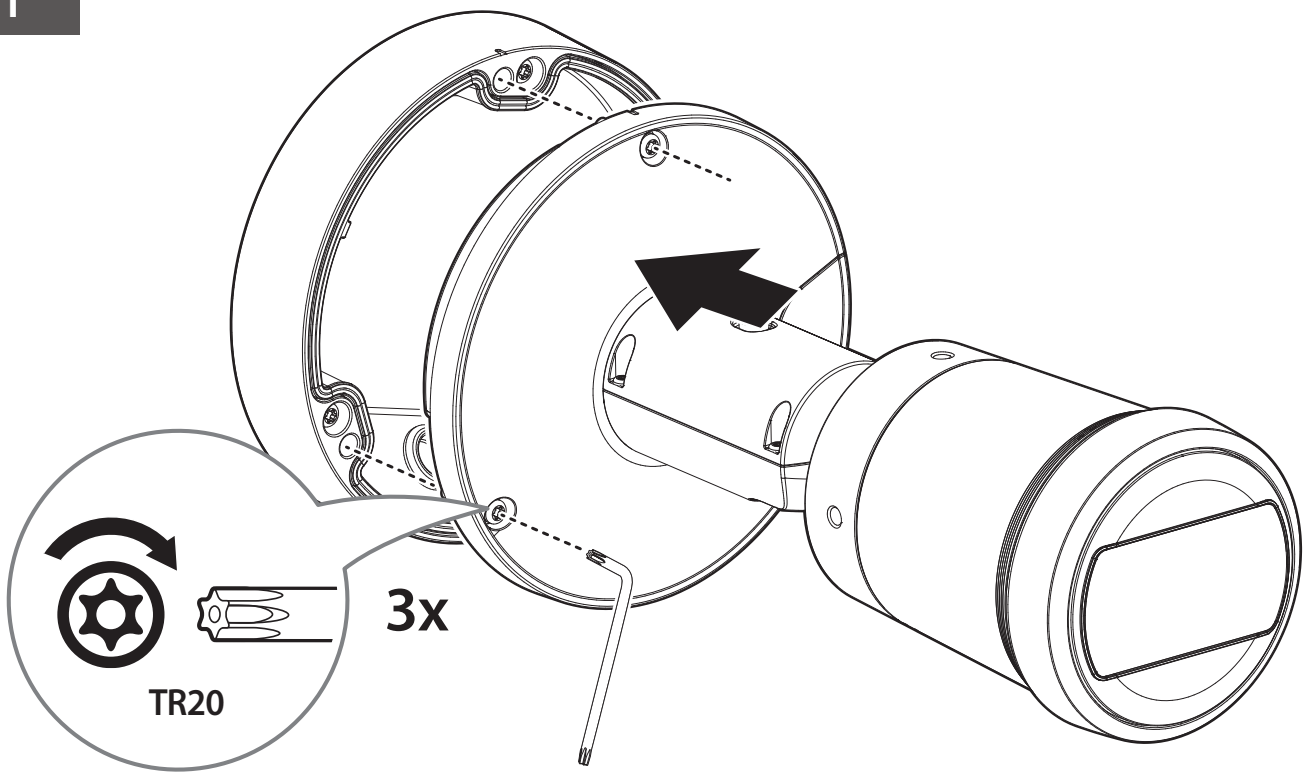

10

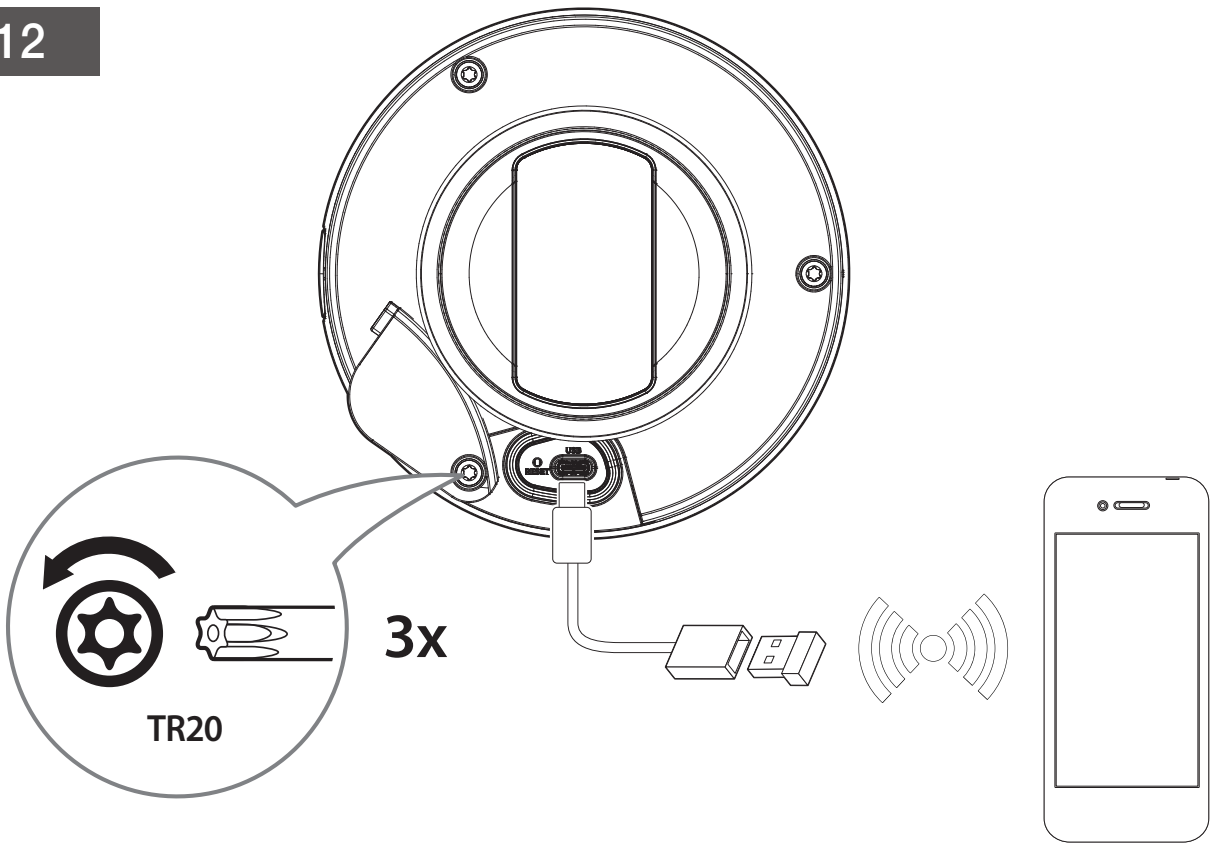

INSTALLATION

11

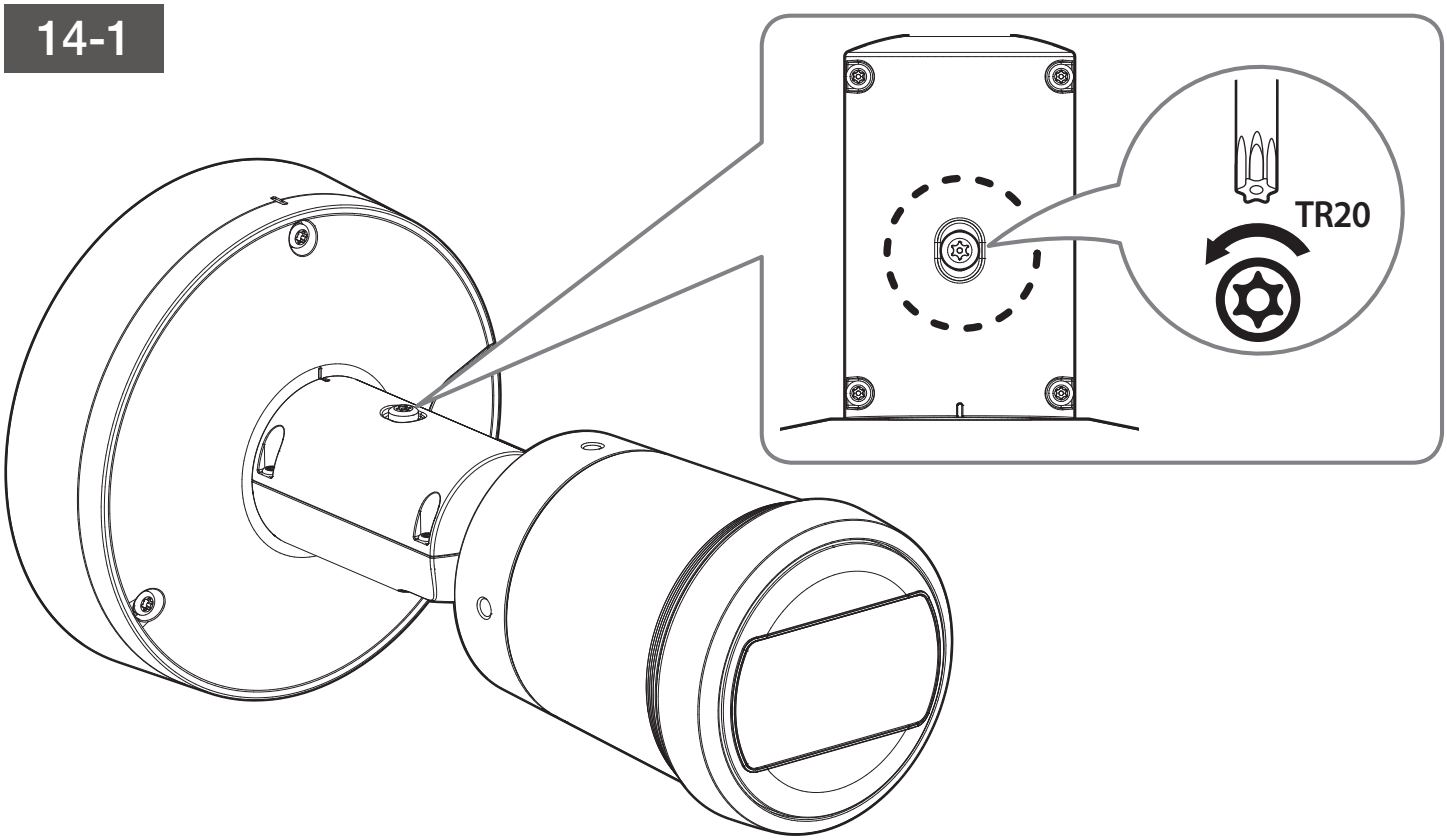

12

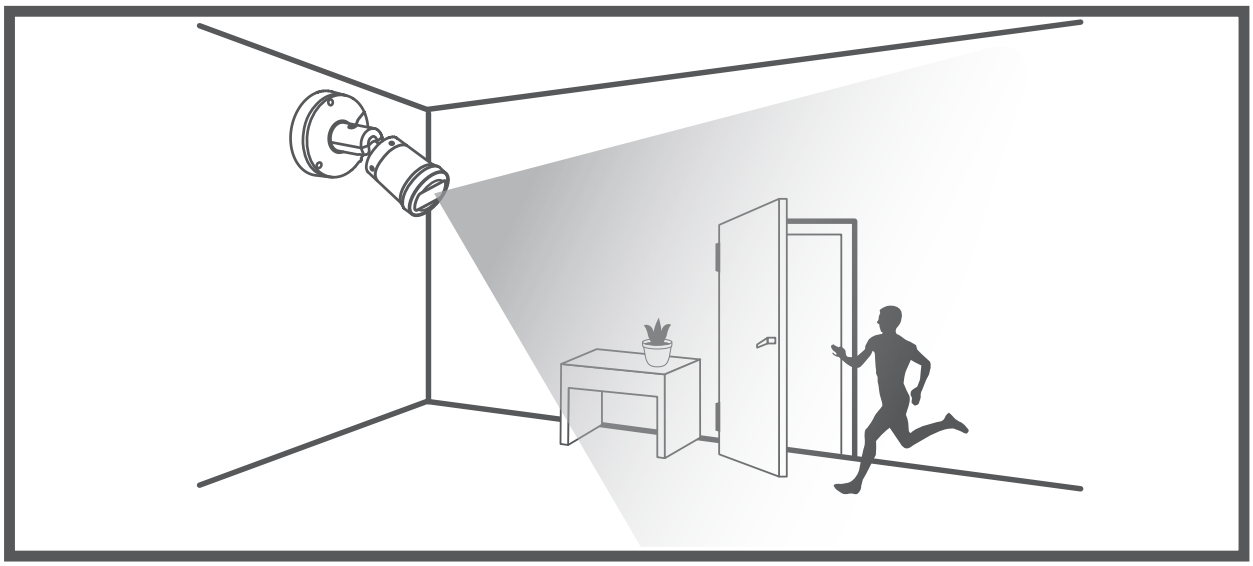

13

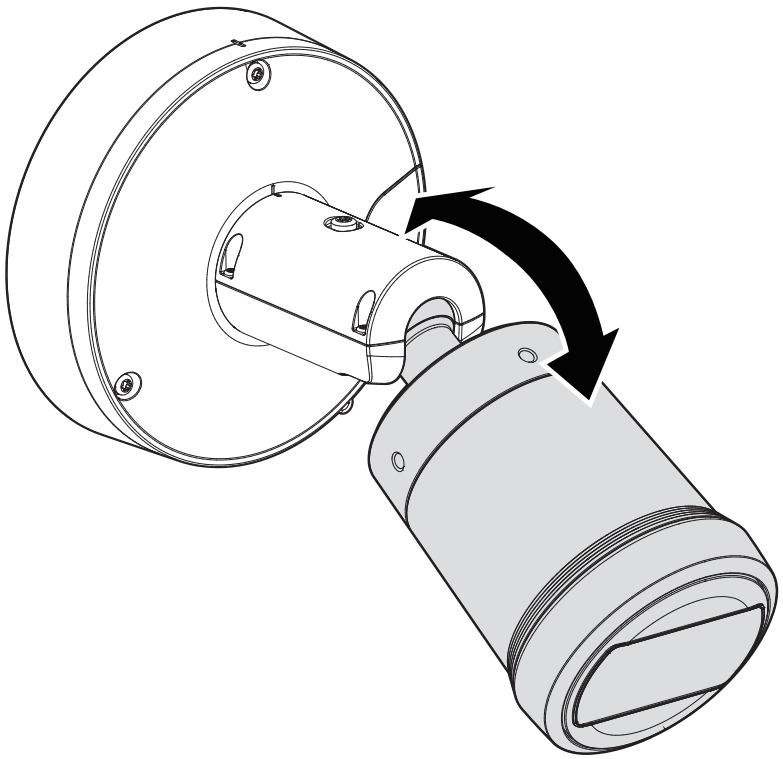

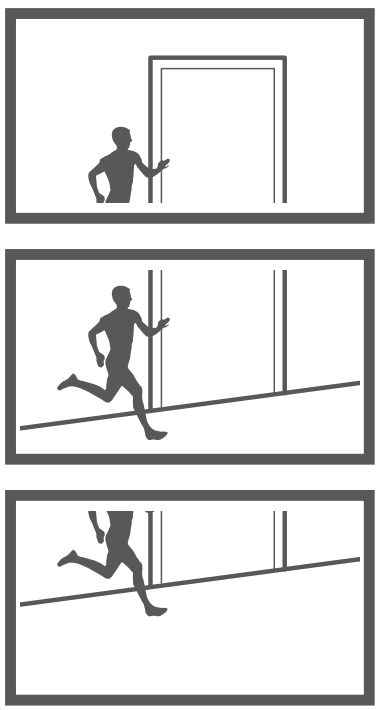

14-1

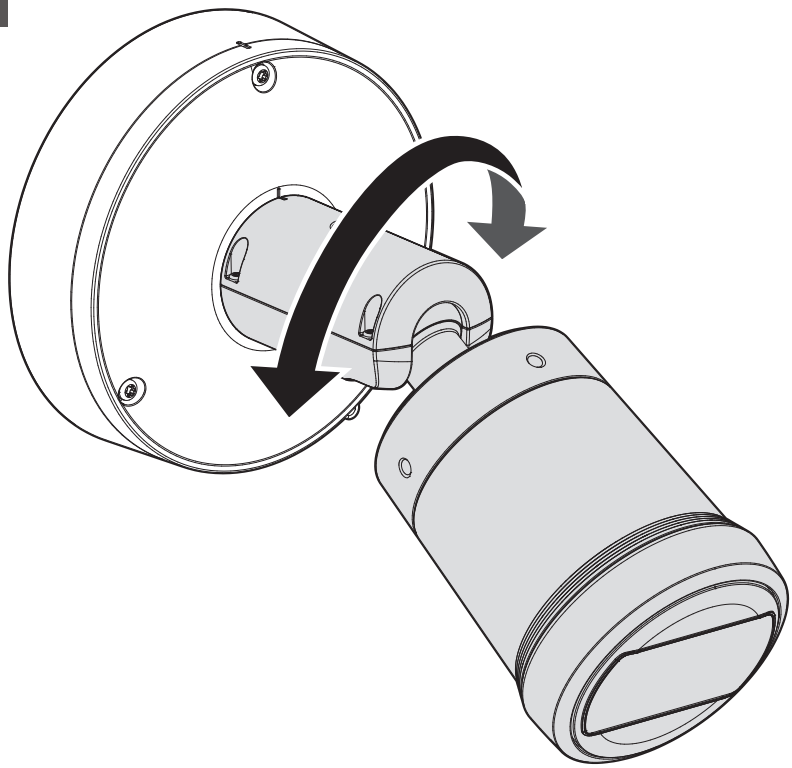

14-2 • Ao instalar na parede

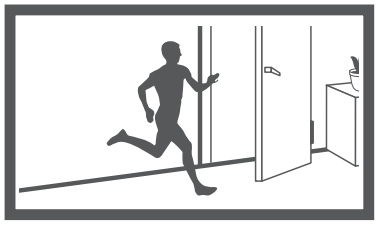

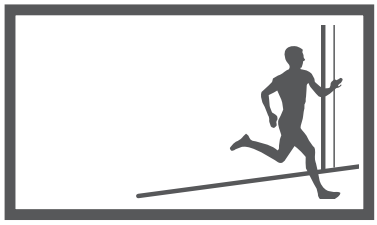

14-3

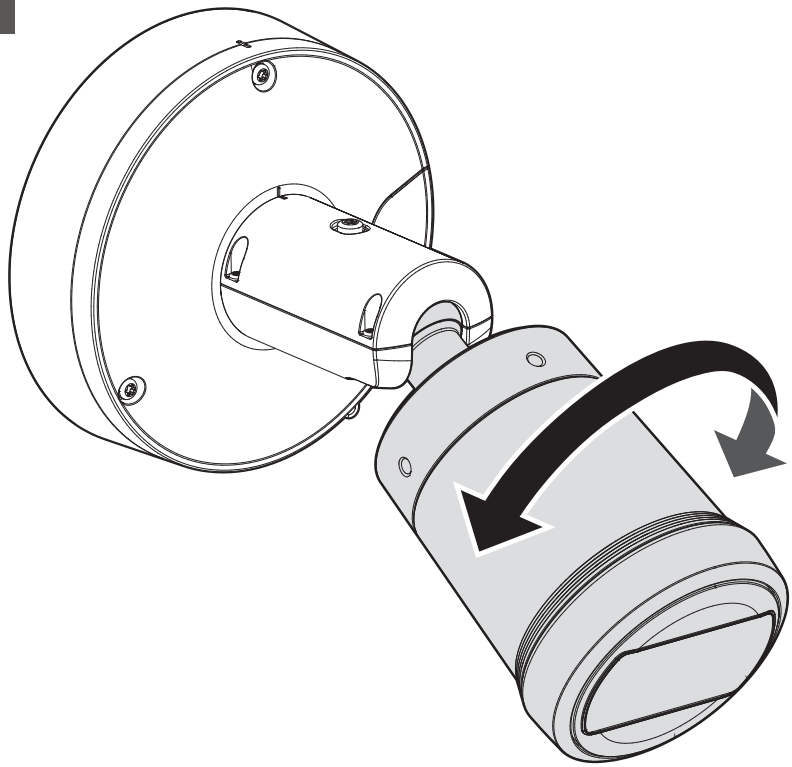

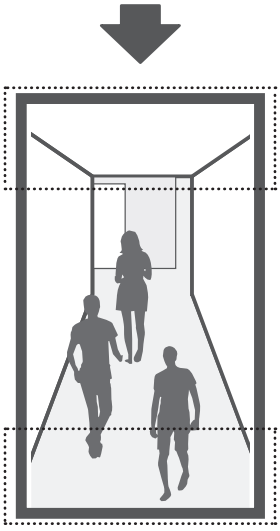

14-4

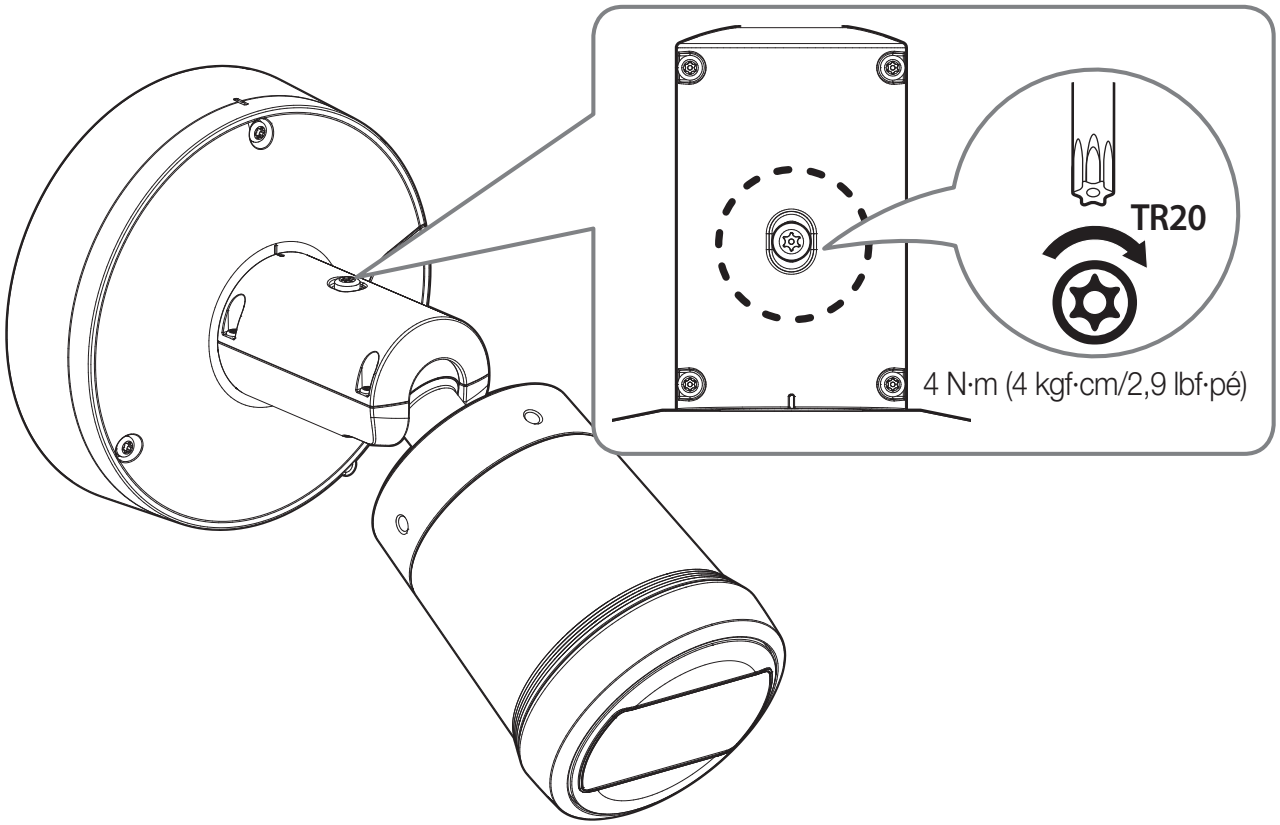

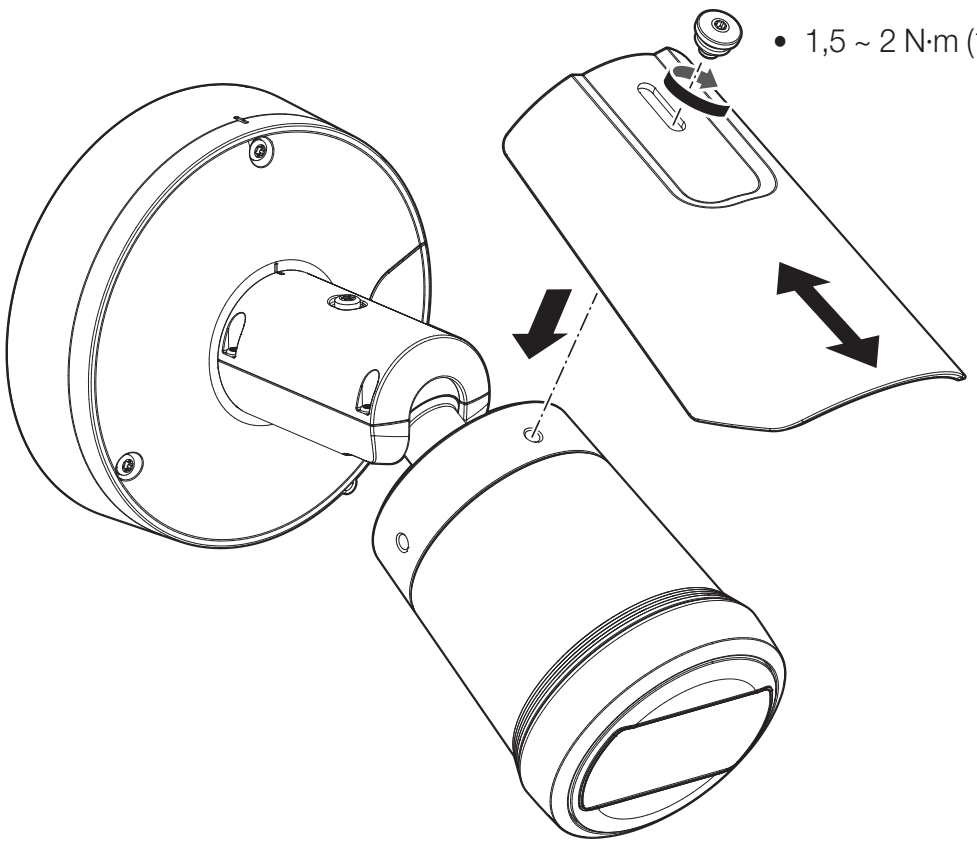

INSTALLATION

14-5

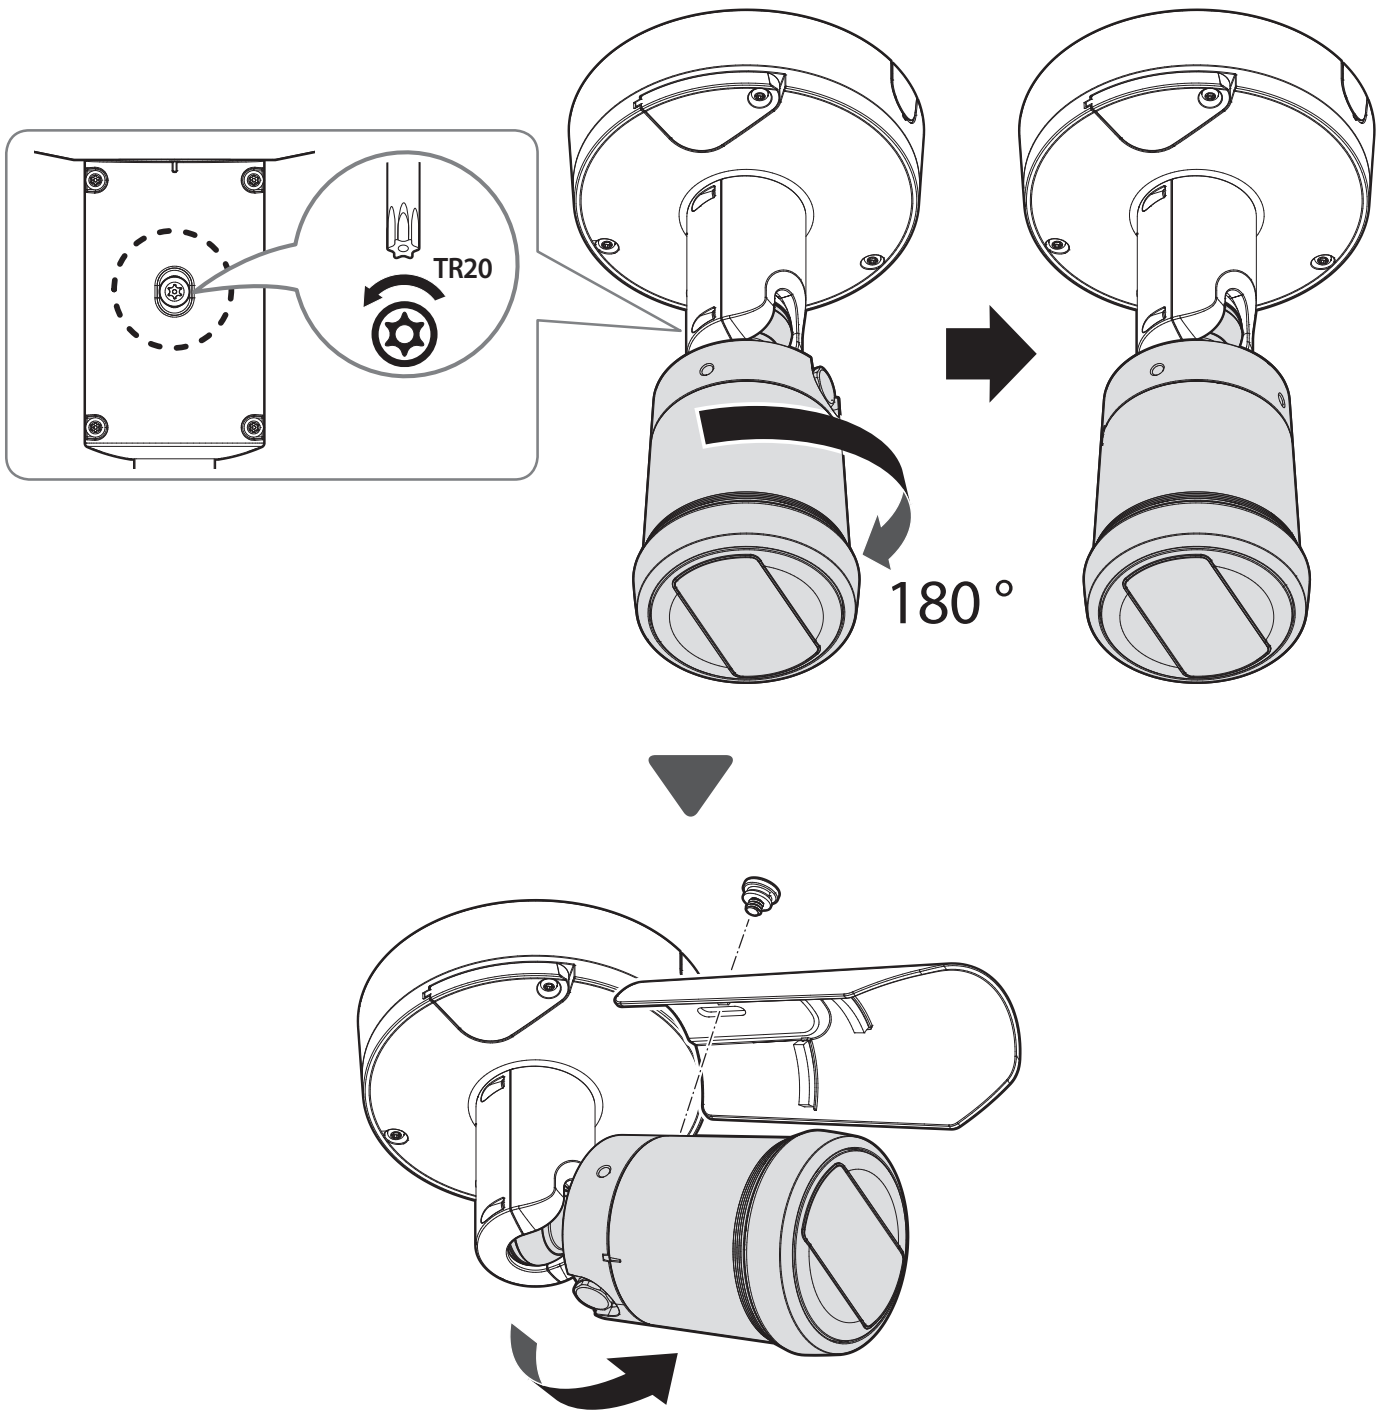

15

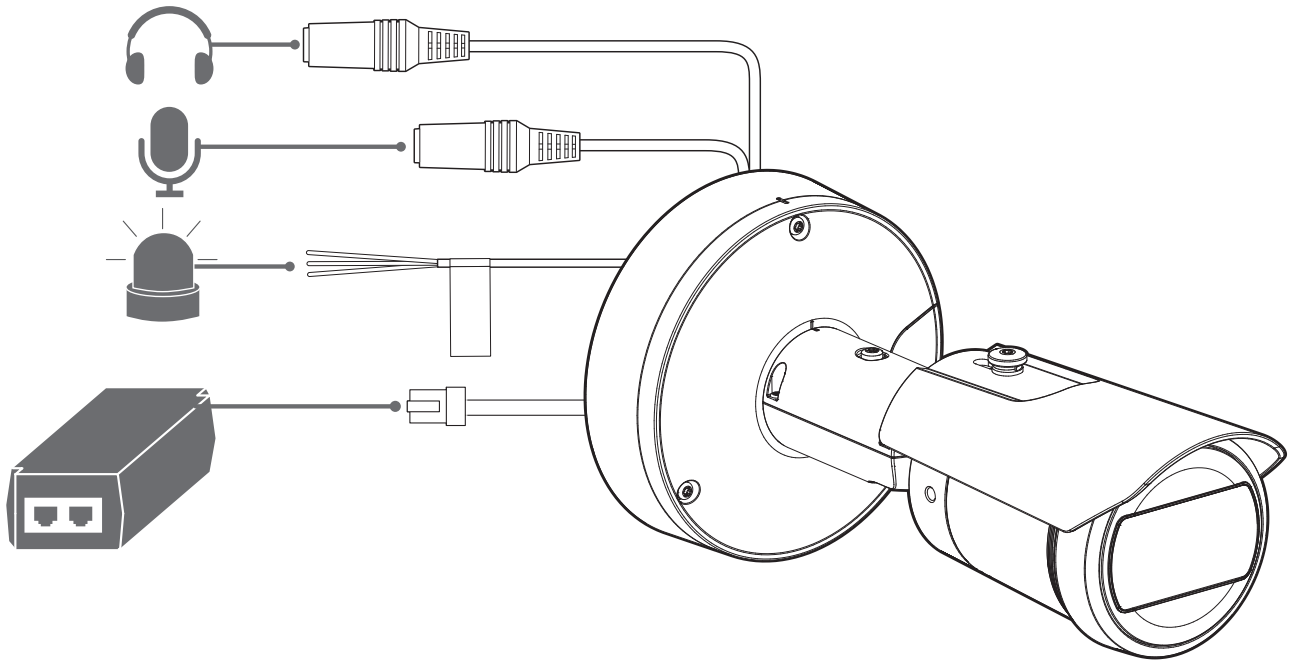

INSTALLATION

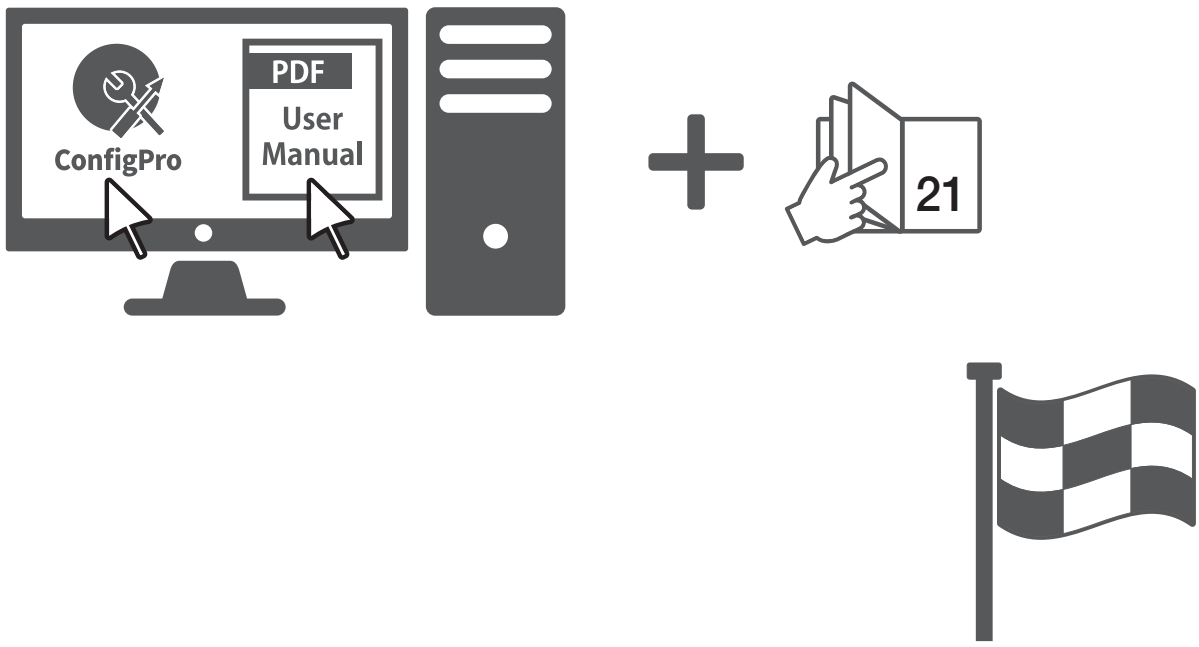

- Ao instalar no teto

CONFIGURAÇÃO DE SENHA

Quando voce acessar o produto pela primeira vez, voce deve registrar o logon e senha.

- Para uma nova senha com 8 a 9 caracteres, você deve usar pelo menos 3 letras maiúsculas/minúsculas, números e caracteres especiais. Para uma senha com 10 caracteres ou mais, você deve usar pelo menos 2 dos tipos mencionados. (suporta até 64 caracteres)
  - Caracteres especiais são permitidos. :
    ~`!@#$%^&*( )_-+={ }[ ]|\;:'"<>.,?/
- Não é possível usar espaço na senha.
- A senha e o ID não podem ser idênticos.
- Para garantir mais segurança, não crie senhas que usem caracteres repetidos ou em sequência no teclado.
- Lembre-se da senha definida, pois será necessário redefinir o produto pressionando o botão [**RESET**] caso perca a senha.

LOGIN

Sempre que você acessar a câmera, a janela de logon é exibida.
Insira o ID do usuário e a senha para acessar a câmera.

1. Digite “admin” na caixa de entrada <**User Name**>.
2. Digite a senha no campo de entrada <**Password**>
3. Clique em [**Sign in**].

CONEXÃO WiFi

Configuração da câmera

1. Conecte o adaptador OTG (Tipo C) e o adaptador WiFi à porta USB Tipo C.

Configuração e Smartphone

1. Instale o aplicativo Wisenet Installation.
2. Selecione o SSID da câmera após ligar o WiFi.
3. Execute o aplicativo Wisenet Installation.
4. Quando você se conecta à câmera, o vídeo será ligado.
5. Você pode ajustar o ângulo de visualização vendo o vídeo através de seu smartphone.
