

# WWT-P-3205L1

WAVE Client

## Key Features

Small form factor tower device with WAVE pre-installed and 2 monitor output

- Small form factor tower workstation
- 14th Intel Core i3 running Ubuntu 22.04 Linux
- 8 GB DDR5 memory
- 256 GB SSD OS drive
- 1x HDMI, 2x DP, NVIDIA Quadro A400 4x mDP, 2x mDP to HDMI adapter monitor outputs
- Keyboard and mouse included

# WWT-P-3205L1

WAVE Client

## Specifications

| System                |                                                                                                                |
|-----------------------|----------------------------------------------------------------------------------------------------------------|
| OS Drive Bays         | 1 x 256GB M2 SD (Internal mounted)                                                                             |
| Network Interface     | 2 x 1GbE RJ45 Ports(1 on-board & 1 PCIe NIC)                                                                   |
| Processor             | 1 x Intel® Core® i3 14th Generation                                                                            |
| Memory                | 8GB DDR5                                                                                                       |
| Operating System      | Ubuntu Linux 22.04 LTS                                                                                         |
| IPMI                  | Not Supported                                                                                                  |
| Video Outputs         | 2x DP, 1 x HDMI, Nvidia A400 4x mDP w/2x HDMI adapters                                                         |
| USB Ports             | Front: 2x USB 2.0,1x USB 3.2 Gen2,1x USB 3.2 Gen 2x2 Type-C entry,<br>Rear: 2x USB 2.0 + 2x USB 3.2 Gen1 entry |
| Other Ports           | 1x 3.5mm universal audio                                                                                       |
| Keyboard & Mouse      | Included                                                                                                       |
| Sliding Rail Kit      | Not Included                                                                                                   |
| Mechanical            |                                                                                                                |
| Form Factor           | Small Form Factor                                                                                              |
| Color / Material      | Black / Metal                                                                                                  |
| Dimensions (HxWxD)    | 11.95"(303.5mm) x 3.74"(95mm) x 11.54"(293mm)                                                                  |
| Weight                | 12.99 lbs (5.89 kg) * Weight is on chassis without HDD's                                                       |
| Electrical            |                                                                                                                |
| Power Supply          | 1 x 360W 80 Plus Platinum                                                                                      |
| Power Input           | 100 ~ 240V AC                                                                                                  |
| Power Consumption     | Maximum 360W                                                                                                   |
| Environmental         |                                                                                                                |
| Operating Temperature | 41F - 113F (5C - 45C)                                                                                          |
| Storage Temperature   | -40°F to 158°F (-40°C to 70°C)                                                                                 |
| Operating Humidity    | 20% to 85% (non-condensing)                                                                                    |
| Certification         | UL, cUL, CB, FCC, 80 Plus Platinum                                                                             |
